Education

Bachelor Of Engineering (Computer Science), *Jiwaji University* — 11/2022 – Present, Gwalior
Score: 7.7 GPA

Class 12, *Uday Convent School* — 06/2021 – 03/2022, Bhind
Score: 90%

Experience

Frontend Developer, *Prodigy Infotech* — 04/2025 – 05/2025
- Developed responsive and interactive web pages using HTML, CSS, and JavaScript, focusing on clean UI and smooth user experience.
- Created projects like a trave website UI and various clones projects applying core frontend concepts and best practices. Utilized Git/GitHub for version control and delivered tasks in a remote, deadline-driven environment.

Skills

Programming: Java, C++, Object Oriented Programming, Data Structures and Algorithms.
Frontend:HTML, CSS, JavaScript, BootStrap(Framework).
Databases/Tools: MySQL, Git and Github, Excel.
Soft Skills: Problem Solving, Teamwork, Communication

Projects

Boat Clone
Developed a pixel-perfect clone of the boAt Lifestyle e-commerce homepage focusing on brand-specific aesthetics, promotional banners, product layouts, and hover animations to refine design and layout skills.

Spotify UI Clone
Built a frontend clone of Spotify's web interface showcasing dark theme design, playlists layout, and music control panel using modern CSS and minimal JavaScript for static interactivity.

Studysync website
Designed and developed a custom educational website aimed at students preparing for competitive exams. The platform features clean UI sections for courses, blog content, sign-in/register functionality, and a modern responsive layout.

Travelling website -Travolo
Created a dynamic travel and tourism landing page that highlights popular destinations, booking options, and travel packages. The site is fully responsive with interactive elements and visually rich imagery.
